LAND, STOCK AND CROP

Finch & Ballard sold to Jones & Cress 38 255-pound hogs at 14c.
Pence & Wilmot sold to T. W. Jones 18 240-pound hogs at 14c.
E. T. Pence, Sr., sold to Jones & Cress four 200-pound hogs at 14c.
Leo Hayden sold 63 fleeces of wool to R. L. Hubble at 50 cents a pound.
J. S. Turpin sold to George H. Faris a very fine Jersey milk cow for \$160.
Frank Lawrence sold to J. M. Cress a small lot of corn at \$8.50 a barrel, delivered.
W. M. Anderson bought of Joe Busse 50 barrels of corn at \$7.50 a barrel at the crib.
Henry Hudson sold to Emmett McCormack four hogs averaging 222 pounds at 14 1-2c.
J. H. Murphy, out on the Hustonville pike, sold to Perk Hamilton 21 180-pound hogs at 14 1-2c.
Rigby & Thompson bought of J. M. Pettus three horses, one two and three years old for \$300.
Squire William Fields sold to Emmett McCormack 28 hogs ranging in weight from 125 to 200 pounds at 12 1-2 to 14c.
Joe E. Wright, the Junction City jack man, shipped to W. T. Coker, of Delhi, La., two fine jacks last week. He got a small fortune for the pair.
Dr. J. R. Stiffer, of Irvine, who was here last week the guest of friends, bought a saddle horse, six years old, of Sam Helm, of the West End, for \$150.
James Thompson, of the Preachersville, bought of Arch Miller 12 100-pound shoats at 12c. Mr. Thompson sold to Ed Stevens a four-year-old horse mule for \$150.
Stigall Bros., have sold their splendid farm on Cumberland river in Pulaski county to Bourne Goggin, of that county, for a fancy sum. Mr. Goggin recently sold his farm to Tennessee parties and was in Lincoln looking for a place. The I. J. regrets that he did not find one.
Approximately 20 per cent of each potato pared by ordinary household methods is lost in the process. The loss includes much and sometimes all of the portion of the tuber containing important soluble salts. Potatoes that are boiled and baked in their skins lose practically none of their food value.

WONDERFUL STUFF!

LIFT OUT YOUR CORNS
Apply A Few Drops Then Lift Corns
Or Calluses Off With Fingers—
No Pain

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness. This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers. This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

TO RAISE LIBERTY LOAN

A meeting of all the editors and bankers in that part of Kentucky included in the Cleveland Federal Reserve District, has been called by the Lexington Clearing House Association to be held at noon on Wednesday, May 23.

The purpose of the meeting will be to apportion to every county in the district its share of the seven billion dollar Liberty Loan, and to effect an organization to secure the placing of Kentucky's proportion of this loan among the people.

Emphasis has been placed upon the importance of a widespread subscription among small investors to insure the prompt raising of funds for carrying the war to successful conclusion, and to adequate equipment of American troops in the defense of their country. The meeting will be the most significant ever held in this State, and will be the first great gathering of a joint session of bankers and editors ever held at Lexington.

WHOOPIING COUGH

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Blandon Springs, Ala., writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.

ALMOST UNANIMOUS

The Hustonville people might just have well made the vote on the bond issue unanimous Saturday. The proposition to vote \$12,000 bonds with which to build a new and modern school building carried by the enormous majority of 126 to 4.

RHEUMATISM

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

HELENWOOD SPECIAL OFF

The Q. & C. has discontinued the Helenwood Special, the train that ran daily between Helenwood, Tenn., and Lexington, and which was a great convenience to the people of the Southern End of this county.

TO THE DEMOCRATS

OF LINCOLN COUNTY:

In the last issue of the Interior Journal Mr. Hill set forth at length his position on the liquor question and asserted that he worked and voted for Mr. McChesney. It may be a fact that he voted for Mr. McChesney but he first declared himself for Mr. Cherry and after his withdrawal he became a supporter of Mr. Bosworth and only a few days before the election did he publicly announce that he would vote for Mr. McChesney.

As to his connection with the recent closing of the hop joints in Stanford the following are the facts: Police Judge R. L. Davison ferreted out the evidence, secured the taking out of the warrant, hunted up the law and I am informed by those who attended the trial that my friend Mr. Hill was so feeble and tenderfooted in the prosecution that the Police Judge, himself, took an active part in the prosecution and often prevented incompetent proof from going before the jury without any objections on the part of Mr. Hill and after all the trial only resulted in a hung jury. The real truth in the matter is that the hop business had become so dull that the proprietors voluntarily offered to quit, provided their licenses were refunded.

Now Mr. Hill has been city attorney for about one year and a half, and it is believed by the good citizens of the city that he would put "Hope" out of business. The same law has been on the statute books all the time and had Mr. Hill used the proper efforts and energy he could easily have prevented the hop joints from taking out license or if he failed in that he could have easily secured the proper prosecution and would have long since freed the city of same. The whole truth of the matter is that the Police Judge is entitled to the entire credit for trying to stop the "nuisances" here in the city.

In regard to holding courts of inquiry, Mr. Hill has been acting as Mr. Burch's assistant for over a year and he has had plenty of opportunity (while the county has been paying two salaries) to have made the investigations and put out the hop joints which he says exist in various parts of the county and which he so vehemently promises that he will do if elected but has failed and refused to do so.

My friend, Mr. Hill, fails to comprehend that the road question is one of the vital issues in this contest and remains silent in regard to it possibly due to the fact that he was so closely aligned with Mr. Burch in conducting the affairs of the county during the past year.

The people of this county have school houses and churches but a great many of the roads over which they have to travel to get to them are almost impassable. They have paid their taxes and all of it has been spent on a few miles of road and the greater portion of their roads have been absolutely neglected and the tax payers are vitally interested in the manner in which their road fund has been spent. I assert and contend that too much extravagance has been indulged in and that only a few miles of road have received any benefit and this too by exceeding the revenue of the county. I repeat again that I am violently opposed to State Aid system because of too many salaries and of too great requirements in order to secure the State Aid and because it is unfair to those roads which are prohibited by law from receiving State aid, and I shall oppose with all my power the continuance of such a system.

War, pestilence and famine may come but "taxation goes on forever" and my motto will be, "An equal, fair and just division, by the fiscal court of the road fund, throughout the county in order to benefit as many people as possible."

Our county's finances are somewhat impaired at present and it will take good management to conserve the best interests of the county and repair the roads.

I am making this race of my own volition. Neither the "wet" nor the "dry" faction solicited me to run and I want the votes of all the good citizens who are interested in the welfare of their county. I shall, if elected, endeavor not only to assist the fiscal court in looking after the financial interests of the county, but will vigorously prosecute "all violations" of the law to the best of my ability without fear or favor.

Trusting that my friends will use every honorable effort in my behalf. Yours truly,

J. S. OWSLEY.

A SYMBOL OF HEALTH

The Pythagoreans of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

SEASON TICKETS \$2

Season tickets, that is tickets to the ten or twelve entertainments to be given by the Lincoln Chautauqua May 27 to 31, are only \$2. A regular bargain price. Get a season ticket and save money and also help the Woman's Club, which is bringing the Chautauqua. With them the season tickets alone count for anything. The company gets all admissions paid at the door.

The program of the annual recital at the opera house appears on the sixth page of this paper. Read it and go straight to the Lincoln Pharmacy for reserved seats Thursday night. 1

HELLO MEN INELIGIBLE

Men engaged in the telephone service are prohibited from joining the army. The War Department claims that all now engaged in telephone work will be needed to keep the wires in perfect order and that the telephone system is an absolute necessity in the conduct of the war.

Chautauqua, May 27-31, inclusive.

SALE WELL ATTENDED

The sale of A. T. Nunnally at his farm on the Preachersville pike Saturday, was well attended. Col. John B. Dinwiddie, as usual worked hard for the high dollar. Good prices were realized on most everything, but on account of the high prices of feed stuff and the scarcity of grass, the bidding on live stock was slow. There were a number of candidates there shaking hands with their friends and each was confident of being the nominee of the office he seeks. The following live stock was sold: One-year-old stud to J. B. Lawrence for \$11; two-year-old filly to Jack Spoonamore for \$93; one-year-old Norman filly to R. M. Blackberry for \$141; seven-year-old blind mare to B. F. Cain for \$30; three-year-old stud pony to W. L. McCarty for \$100; sow and seven pigs to George Wilder for \$63; black heifer to J. T. Rigby for \$37; black heifer calf to J. W. Peak for \$37; red Shorthorn bull to Dr. W. Williams for \$105. Mr. Williams also bought a yearling bull for \$35 and a five-year-old roan cow for \$58.50; red yearling bull to Richard Young for \$43.50; six-year-old milk cow to Cyrus Gover for \$80; young Jersey cow and calf to R. L. Berry for \$40; Jersey cow to Rich Young for \$67.50.

DR. W. B. HUNN KILLED

News came to Stanford Saturday morning that Dr. W. B. Hunn, the well-known Shelby City physician, had suicided by shooting, but it turned out that the killing was accidental, as the following from the Danville Advocate shows: Dr. Hunn had been called to the Bodner residence to attend a member of the family who is ill. He spent the night there. This morning about daylight he started out of the house carrying his coat on his arm. In the coat he carried a revolver, which dropped to the ground as he stepped into the yard. The fall caused the pistol to explode and the charge struck Dr. Hunn in the breast, ranging up. Death was instantaneous. He was about forty-six years of age and was a son of the late George Hunn. He had been practicing medicine in the Junction City vicinity for a number of years. He was a graduate of Centre College, having been valedictorian of the class of 1891. He is survived by his wife.

SMALL FIRE DAMAGE

The home of Mr. M. D. Elmore on West Main street was discovered on fire Saturday morning but the good work of the fire department and others soon had the flames under control. Sparks from the kitchen fire set fire to the roof of a little store-room back of the kitchen and it was burning brightly when discovered. The damage will not exceed \$200. The property is well insured.

Mr. Elmore carried a policy on his property and the insurance company will pay for the repairs. Better let Jesse D. Wearan fix you a policy on your home. Mighty nice to let the insurance people pay the bill after the fire.

ENTHUSIASTIC FAIR MEETING

Many of the stockholders of the Lincoln County Fair attended the meeting in the K. of P. hall Saturday afternoon and important business was transacted. Committee reports were received and everything showed that things are going good for the big exhibition to be pulled off August 22, 23, 24. All stock in the association has been taken and only a few shares remain unpaid for. The stockholders and directors are all enthusiastic over prospects for a successful meeting and are determined that nothing shall be left undone that will add to the interest of it.

DEATH OF AGED WOMAN

Mrs. Emma Wright, the aged wife of Mr. Winter Wright, who lives South of Hustonville, died Friday night and was buried in Hustonville cemetery Sunday afternoon at 1 o'clock, at 81 years of age. Besides the husband, who is in very feeble health, four children survive. Mr. and Mrs. Wright came to this country from England many years ago and have made excellent citizens of this country for a long time.

YOUNG GIRL SUBSDUES FLAMES

G. F. Gooch's home at McKinney caught fire the other day while his 14-year-old daughter was there alone. The young lady, instead of fainting, as so many of her sex would have, got a bucket and water and after a fierce fight of several minutes extinguished the flames. Considerable damage was done the interior of the building, but there would have been none of it left, had not the young lady done such excellent work. Mr. Gooch had a small insurance policy on the home.

"Chamberlain's Tablets Have Done Wonders For Me"

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

THE DIXIE FLYER

When such men as Mr. Daniel Highman, Consulting Engineer for the Thomas Edison Co., a recognized wizard in the art of co-ordinating the laws of motion and force, select the Dixie Flyer for their personal use, it means that the Dixie Flyer has passed the microscopic inspection and received the official O. K. of the highest engineering authorities in the United States. The Dixie Motor Sales Co., Hustonville.

J. J. Daugherty, an old and respected citizen of Somerset, is dead.

GEORGE MILLER GIVENS DEAD

Mr. George Miller Givens died at the home of his daughter, Mrs. John Taylor, at Bradfordsville Friday afternoon after an illness of 24 hours of acute indigestion, and was buried at Hustonville Sunday afternoon, after services at the Presbyterian church, conducted by Rev. VanDyke. Deceased was 77 years old and the greater part of his long life was spent in Lincoln county, where everybody was his friend. For the past decade he had made his home with his children, spending most of the time with Mrs. Taylor, but he frequently came back to Hustonville, where he always met a warm reception. Mr. Givens had been a member of the Presbyterian church there for many years and it was fitting that his remains were brought there for the last sad rites. He is survived by three children—R. H. Givens, of Abingham, Mesdames Taylor and Powell, of Bradfordsville, his wife, who was a sister of Dr. Edward Alcorn, of Hustonville, having died 33 years ago. His first wife, who only lived a short while, was a Miss Patton. One child, who died in his infancy, was the fruit of the first marriage. Deceased was high up in Masonry and after the funeral the body was turned over to members of that order, many lodges being represented in the gathering. An immense crowd followed the remains to Hustonville's beautiful city of the dead.

SENIORS ENTERTAINED

Last Thursday evening Dr. and Mrs. T. W. Pennington delightfully entertained for the Senior Class. The house was artistically decorated with flowers and American flags. An interesting feature of the evening was a drawing contest. Each one was supposed to make a sketch of some one present. It was amusing, for each one to see themselves as others see them. The pictures were judged and Miss Matsy Grimes' production of Francis Weatherford, and Maurice Tucker's sketch of Miss Jean Paxton were selected as the most original and life like. Miss Grimes received a box of chocolates and Mr. Tucker a silk flag-handkerchief. During the evening, cakes and mints were served. Mrs. Pennington was ably assisted in the entertaining by Misses Nancy Yeager, Marie Ballard, Josephine Carpenter and Joseph Hopper. Mrs. Pennington's guests included: Miss Elizabeth Hunn and Henly Cash, Miss Josephine Matheny and Ferdinand Matheny, Miss Jean Paxton and Joe T. Embry, Miss Lettie W. McKinney and Arthur Coffey, Miss Patsy Perkins and Maurice L. Tucker, Miss Matsy Grimes and Prescott Brown, Miss Nellie W. Hill and Francis Weatherford, Miss Anna K. Matheny and John Cash, Miss Belle Russell and Samuel Jackson Hill, Miss Anna G. Wood and Hartwell Shanks, Miss Sara Wood and Clem Hill, Miss Eva Rankin and Ewalt Givens, Misses Serena Young, Marietta Goggin, Josephine Carpenter, Ellen Ballou and Nancy Yeager.

PLAY WELL PRESENTED

On Friday evening last "The Deacon," comedy-drama in five acts was given at the Crab Orchard School auditorium by the school. Sam Perkins, as the negro comedian, and Jack Collier, as "The Deacon," kept the house well entertained. Others taking part in the play were: Bennie Duke, Eugene Edmiston, Joe Edmiston, John Stephenson, Patience Edwards, Eva Gieszl, Irene Manuel, Bettie Mudd, John Eva Hilton and M. Ellen Moore. The house was filled to overflowing and a large sum, which will be used for the benefit of the school, was realized. Miss Tanna Thompson furnished the music for the evening and as usual did her work well. All the performers did credit to their instructor, Prof. Hatfield. On the following Monday Prof. Hatfield entertained the "troupe" with a picnic at Dripping Springs.

MARRIAGES

Miss Margaret Eastland and I. P. Strange, of Danville, were married at Lexington last week.

County Clerk Cooper issued license on the 19th to James Naylor to marry Miss Rosa Thomas at Lancaster, and on the 21st he prepared the necessary papers for Charles M. Goary to wed Miss Mary Louise Clarkston at Danville.

Somerset society was given a surprise when it was announced last week that Miss Boyd Morrow, niece of Hon. Edwin P. Morrow, was married on Nov. 29th to Lewis S. Ware. They kept the secret until a few days ago, because the groom is in school at Lexington.

TO MEET AT CRAB ORCHARD

The Mansonic Grand Lodge Committee, composed of men in different parts of the State, will meet at Crab Orchard Thursday to make final preparations for the Masonic celebration to be held there June 23rd. It has already been arranged to have Smittie's band of 50 pieces from Cincinnati, and Ranshaw's Shrine Band, of Covington with 50 pieces. There will be music galore, prominent speakers will be on hand and an old fashioned picnic dinner, where the welcome is "Glad to see you; help yourself."

FINE BACCALAUREATE SERMON

The Baccalaureate sermon preached by Dr. J. W. Porter, of the First Baptist church of Lexington, at the First Baptist church Sunday night was one of the best things of the kind ever heard in Stanford. Although Dr. Porter had traveled a day and night in coming from the Baptist convention at New Orleans, he showed no sign of fatigue and put all the life necessary to make his sermon one long to be remembered. His subject was "The Century's Call for Culture" and he gave many good reasons why culture should be obtained, impressing his hearers that education was essential to culture. He told of the advantages of the boy and girl today over those of several decades ago and the comparative ease which an education can be had in this day of graded and high schools. Said he: "My father thought that the tutor in the home or the high-class colleges were the only places for the young to get their educations, but I am for public schools where neither the family standing nor the clothes count, but where merit is considered." He paid a glowing tribute to the schools of Kentucky as well as those who have given of their time and talent in making them what they are. He admonished all of the graduates who could possibly do so to get a collegiate education, and he hoped that if there were those who craved such and were not able to pay their way, that there might be those who would help them. "The men of means can make no better investment than to help the worthy under such circumstances. It is better than putting money in land, cattle or bank stock," he shouted. Dr. Porter urged all to be patriotic; to stand for their country in this time of trouble; to fight for it and give of their means toward promoting war fare. He congratulated the school for having at its head a man who had dedicated his life to his country in time of battle. Said he: "There may be some who think he should have waited until commencement is over before he left for training, but I want to tell you that I admire the manliness of the man and praise him for his act." He had reference to Prof. Wilson, who is at Fort Benjamin Harrison in training. He paid his respects to those preachers who wait so long to get war as chaplains and do nothing but pray. "I have contempt for such men," said he. "Let them go and fight in day time and pray at night. That will show what is in them." Dr. Porter did not strike a popular cord when he said the preachers of Stanford did the wrong thing when they gave away Sunday night's services for the Chautauqua, which will begin here next Sunday afternoon, but the many good things he said made the audience forget the error. He held one and a fourth hours and was given perfect attention. It was a treat from beginning to end and a sermon that will live long in the memory of those who were fortunate enough to hear it. Dr. P. L. Bruce occupied the pulpit with Dr. Porter and read the scripture lesson and made a fervent prayer. Dr. W. D. Welburn, who had a seat in the choir, also offered prayer, as did Mr. J. C. McClary. The choir was composed of the best singers in town and the anthem sung were heartily enjoyed. The vocal solo by Miss Elizabeth Higgins was another of the good things of the memorable occasion. Miss Anne D. McRoberts presided at the organ in her usual excellent way. The pulpit was tastefully decorated with palms and cut flowers and was indeed a thing of beauty. The graduates, who are as follows, occupied the three pews next to the pulpit: John Cash, Henly Cash, Joe T. Embry, Miss Matsy Grimes, Miss Marietta Goggin, Miss Lettie Wilson, Miss Elizabeth Hunn, Miss Anna K. Matheny, Miss Josephine Matheny, Ferdinand Matheny, Miss Lettie Walker McKinney, Miss Patsy Perkins, Miss Jean Paxton, Miss Belle Russell, Miss Eva Rankin, Maurice Tucker, Miss Anna G. Wood, Miss Serena Young.

COLEMAN TO SEE SERVICE

Harris W. Coleman, of this city, but now taking a law course at the University of Virginia, will see service in Uncle Sam's army. He is one of the four Kentuckians included in the selections that have been made for the two units in the ambulance department of the medical enlisted reserve corps assigned to that institution of learning. Mr. Coleman gets the rating of a corporal. William Cantrill Goodwyn and C. H. Shields, Jr., will be ambulance drivers.

LOOKS A WINNER

Our old boyhood friend, T. A. Rice, of Stanford, was here Wednesday on business and received a warm welcome from his many friends. He is a candidate for county judge of Lincoln, and knowing ones say his race won. If he is elected, we can truthfully say that the voters will never regret giving him the office.—It Danville Messenger.

HOLTZCLAW'S HOME BURNED

John T. Holtzclaw's home in the Gilbert's Creek section burned to the ground Friday shortly after dinner. Most of the contents were saved. It was a two-story-frame building, modern in construction and a good home. It is believed that sparks from the chimney caused the trouble. The loss is between \$1,500 and \$2,000.

A BANK FOR LIVINGSTON

Articles of incorporation for the First State Bank of Livingston were filed last week. The organizers are J. C. Griffin, W. H. Cottongin, W. A. Warren, J. P. E. Drummond, R. G. Wells. The institution will have a capital stock of \$15,000.

REDUCTIONS FOR CASH

For cash I will sell at great reductions for the next ten days. Miss Ella May Saunders.

LATEST WAR NEWS

A division of United States regulars will carry the Stars and Stripes to France at the earliest date practicable. President Wilson has ordered Maj. Gen. Pershing to lead an expeditionary force to France to co-operate with the Anglo-French troops as soon as it can be made ready. Gen. Pershing is a veteran of the Spanish-American War and led the American troops in the expedition into Mexico last fall in search of the bandit Villa. By proclamation the President also has called upon the young manhood of the country to respond to the selective military service call. The drafted army will not be assembled until September, Secretary of War Baker has announced, but by that time the regular American troops probably will be in action against the Germans. June 5 has been set apart for all men between the ages of 21 and 30, both inclusive, to register for military service, and all Federal and local civil officers are required to give their services in accomplishing the registration. The Kentucky National Guard will be called into the Federal service on August 5.

One of the primary aims of Emperor William in the war is to make the Central Empires the backbone of a Prussian world empire, consolidating Germany, Austria-Hungary, Turkey and Bulgaria into one strong economic unit, a Washington dispatch says. The major portion of the program has been accomplished, regardless of the disposition of lands in France, Belgium and Russia, and much fighting will be necessary to set up a barrier to these plans.

All available American ships, the seized German liners, and all the ships Great Britain can spare from her own needs, will soon be carrying war munitions and great quantities of railroad supplies to Russia.

Senate and House conferees agreed on disputed points in the bill increasing the enlisted strength of the navy from 87,000 to 150,000 men and the Marine Corps from 17,000 to 30,000. Official recognition has been extended to the Y. M. C. A. by President Wilson as a "valuable adjunct and asset" to the army.

The commanding officer at Fort Rosecrans reports that two lookouts there observed a submarine off the entrance to San Diego Harbor.

A French torpedo boat was sunk by a mine in the naval battle in the Adriatic May 15, it was announced Saturday. The British passenger steamer Highland Corrie was torpedoed without warning on Wednesday last and eight of her company were killed.

The British troops are giving the Germans no rest and following the capture of Bullecourt, have attacked the Germans north of that place to straighten their line. According to Berlin the British have attacked also along the fifteen-mile Drocourt-Queant front.

MOZART CLUB ENTERTAINED

The country home of Miss Annette Wearen was on Friday evening the scene of one of the most enjoyable social functions at which the young society people of Stanford have had the pleasure to attend. It was given in honor of the enterprising Mozart Club and its ardent admirers. The house was attractively decorated with the season flowers and the Mozart pennants and colors. Mrs. Robert Todd presided gracefully at the punch bowl. The color scheme of black and old gold was carried out in the serving of the delicious ice course. About thirty couples enjoyed the hospitality of this young hostess. The guests: Misses Frances Embry, Eva Rankin, Rachel Hill, Mary Bailey, Nellie W. Hill, Matsy Grimes, Annie V. Craig, Anna G. Wood, Jean Paxton, Nancy K. McKinney, Patsy Perkins, Clara Cash, Elizabeth Farra, Elizabeth Higgins, Belle Russell, Lettie Walker McKinney, Sadie Wearen, Mrs. W. R. Todd, Miss Ellen Ballou and Messrs. Sam Hill, June Givens, Hugh R. Foster, Hartwell Shanks, Joe T. Embry, Prescott Brown, Clem Hill, Ferdinand Matheny, Henly Cash, Ed. Welburn, Maurice Tucker, Igo Perry, W. P. Grimes, Jr., Ed. Tanner, John Cash, Howard Newland, Sam B. Craig.

THE CHAUTAUQUA MAY 27-31

This time next week the Lincoln Chautauqua will be in full blast and our people will be enjoying a treat they will bear in mind for some time. The program, which appears on the eighth page of this paper, is an intensely interesting one and you should not miss a number. Season tickets are going rapidly and the prospects are that the tent will be crowded twice daily. Better get season tickets and help the crowd enjoy the feast of good things.

THE CHILDREN'S HOUR

The Children's Hour at the Chautauqua, May 27 to 31, promises to be a most pleasing feature and parents are asked to send their children each morning at 9:30. Children under eight years of age will be admitted free and over that will be admitted on a child's ticket, which costs only \$1. It is hoped that all the children in Stanford will take advantage of this hour, which will be both interesting and instructive to them.

FARMERS

Protect your growing hemp. Secure a hail policy at once from Gaines, the insurance man, \$4 per acre. Policies issued immediately at Lancaster.

The recital by the Mozart Club and Glee Club at the opera house last night was a very delightful entertainment, further mention of which will be made in Friday's paper.

Tickets for the annual recital at the opera house Thursday night can be had at the Lincoln Pharmacy. Reserved seats 35c; general admission 25c; school children 15c.

Making Money!

Some men make their money in business—some in stocks—some by toilsome saving of their daily wage. But we submit to you the fact that more men here reached a comfortable competence thru the ownership of property—houses and land which bring in a fixed income—than in any other way.

Business requires your sole attention—stocks means sleepless nights and days of worry—property works by itself for you without your care.

Select it—set it to work—it takes care of itself and will take care of you.

DID YOU KNOW

That statistics show that the population of the United States is doubling about once in every twenty-eight years—and the EARTH is not stretching one bit. People have got to have homes. It is a settled fact that farming lands will never be cheaper and just as sure to go higher as you exist today. Did you know that any way you figure it the renter has always got the hot end of it? Furnish all the teams and everything else, do all the work and for what—at best only one half and often less than this. Did you know that you could easily pay the 6 per cent. interest and get all the crop instead of the one-half that you are now getting and then make more than 100% than you are now making. These are absolute facts.

Don't listen to a professional knocker who is always telling you something that he doesn't know. Use your own common sense and own your own home.

MOTHERHOOD.

A robust, manly son and a cooing baby-girl nestling in her bosom—what more can any woman ask? It is a boon that Heaven intended should be granted to every woman.

Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and virility, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the right remedy for weakness and disease of the delicate and important organs. It makes these organs strong, healthy. It makes the mother strong and cheerful. It is the invention of an eminent and skillful specialist.

Prepared from nature's roots and herbs, it contains no alcohol nor narcotics, nor any harmful ingredient. Medicine dealers everywhere have it on hand in either tablet or liquid form at all times. If you want a specialist in women's diseases to diagnose your case absolutely free of charge, write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., to-day.

RIGID EXAMINATION FOR TUBERCULOSIS

Dr. J. H. Elliott, of Toronto, who has had charge of the tubercular soldiers returned from the war front to Canada, said before the meeting of the National Association for the Study and Prevention of Tuberculosis, which met in Cincinnati last week, that the most rigid examination of recruits should be made for the disease and none accepted for the army who had even a slight tendency to the disease, as the stress and griefs of war would develop it very quickly. When France hurriedly mobilized her army, very little attention was paid to the examination for tuberculosis and the result is that fully 150,000 soldiers have been invalided home with the disease. To further spread it unless the utmost caution is observed. He also gave it as his opinion that before the war is over 500,000 soldiers would become incapacitated from the disease. England has profited much by France's sad experience and rejected all who showed any disposition to consumption and her soldiers who have taken the disease are comparatively few in number compared with those of France. He urged that America, learn from the experience and observe the greatest care in the examination of recruits by the most expert physicians obtainable. The Kentucky Tuberculosis Commission, with Dr. W. L. Heizer as Executive Secretary at Frankfort, is now engaged in taking a full survey of the doctors of the State with a view of procuring experts in tuberculosis to see that no man with tendency to the disease is accepted for the army to become when it is developed a tax on its resources and a menace to his comrades.

The National Association for the Study and Prevention of Tuberculosis, in session last week in Cincinnati, went on record of condemnation of all alleged consumptive cures as absolutely harmful and often productive of serious results. The advice is to take no medicine but that prescribed by a reputable physician, observe the utmost cleanliness and sanitary requirements, breathe plenty of fresh air, eat well cooked, nourishing food, avoid all dissipation and use of alcoholic liquors, maintain cheerfulness and rest. This will be found to work wonders for improvement and often a permanent cure. The Tuberculosis Commission with headquarters at Frankfort, is prosecuting a vigorous campaign for the prevention and cure of tuberculosis, and Dr. W. L. Heizer, Executive Secretary, will gladly furnish any information when requested.

In the ten years' fight on the disease by the National Association for the Study and Prevention, assisted by its auxiliaries in the States the death rate has been reduced from 200.7 per 100,000 to 146.8. The number of sanatoria has increased more than 450, clinics from 20 to 1,400 and tuberculosis agencies from 156 to more than 3,000.

The Kentucky Tuberculosis Commission is doing all it can with its limited resources to aid in the great work of research and education. Write to Dr. W. L. Heizer, Executive Secretary, Frankfort, for pamphlets on the care and treatment of the disease, if interested.

The Germans have about 325 submarines in operation and about eighty to 100 have been lost through British nets alone, according to the Telegraph, which prints an interview with a member of the crew of the submarine U-58. This is the submarine which sank the Dutch rain ship in February.

WHAT IS \$7,000,000,000?

C. D. Hamilton, of St. Louis, has figured out what \$7,000,000,000 is. According to him, there are more dollars in such an amount than there have been seconds since the signing of the Declaration of Independence.

If the United States mints began to turn out the dollars they would work continuously day and night until 224 years had passed. If you sent a dollar a minute it would take you only 13,318 years to spend your money.

If you had it invested in the bank without interest, and you drew a check for \$1,000,000 a day for 22 years there would still be \$26,000,000 untouched. If it was invested at six per cent. at the end of seventy years of spending \$1,000,000 a day there would be twice as much in the

bank as when the account was started. To count the money would take fifty years' work of fifteen men if they worked eight hours a day and counted a bill a second, but at the death of the last counter, there would still be enough left to give every man, woman and child in St. Louis \$500 and leave a balance of \$120,000,000 to be distributed to those who may come hereafter. Now, do you know what is \$7,000,000,000?

Mr. Marion Dunn has been quite ill for some time.

Mrs. Robert Dishon continues very poorly.

Mr. and Mrs. Bailey Dawes, of Detroit, Mich., returned home Sunday after a pleasant stay with relatives and friends here and at Fair View.

At two o'clock Saturday morning, surrounded by relatives and friends, the spirit of Mrs. Ann Blankenship took its flight to a better world. Her death occurred at the home of her daughter, Mrs. Isom Vaught, where she had made her home for the past five months. Truly it can be said a good mother has gone to her reward.

Deceased was 72 years of age and had been in feeble health for several months. Her death occasions great sorrow here and wherever this splendid woman was known for to know her was to love her. She is survived by one brother, Rev. J. A. Singleton, of Pleasant Point, and five children: Mrs. Tom Lee, of Stearns; Mrs. Maurice Walls, Mrs. Patsy Vaught, Mrs. John Hart and Mrs. Reuben Gooch, all living here. Mrs. Blankenship had been a member of the Pleasant Point Baptist church for a number of years and no truer Christian character has ever been known. She was a model mother and her home life was beautiful, so kind and loving to everyone and so devoted to her children. The home is made so lonely by her taking away. Her children and loved ones are crushed by her removal. Our hearts go out in sympathy to them in their irreparable loss. May the God of Heaven give them strength to bear the burden and cause them to realize that their loss is her heavenly gain and may they strive more than ever before to live a life on earth so as to meet their loved one on the shining shore of sweet deliverance, where sorrow and death will be over forever. After funeral services conducted by Rev. G. W. Owens, the remains were laid to rest in Pleasant Point cemetery, there to wait the great Resurrection Day when God's children will be gathered home.

Four years ago, Ben Marshall, of Frankfort, who is very distasteful to Senator Beckham, was appointed collector of internal revenue at Lexington over his protest and strenuous effort. Mr. Marshall has made a most faithful and competent officer, but that counts for little with the man who has much Indian in his make-up and now like the daughter of Herodias, he has demanded the head of Benjamin on a charger, putting up the special plea that he should at least be permitted to name the collector in his home district. It is said that like Herod, Secretary McAdoo has yielded to his plea and that Mr. Marshall is marked for immediate beheading. It is also said that Beckham will demand that he be permitted to appoint Collector Hughes' successor and that worthy official will likewise feel the fall of the axe, and there may be others. The president owes Senator James more than he owes any other senator but he can not, without incurring criticism show much favoritism between two Democratic senators in the matter of appointments. Mr. Beckham will need all the federal office support he can get in his effort for re-election and unity. It is further said that Gen. Percy Baly, to whom Senator Beckham owes much of his political preferment, is to be appointed to the Lexington collectorship, a favor that he eminently deserves under the rule that the offices belong to the U. S. senators.

President Wilson, on expert advice from both sides of the water, declines to permit Col. Roosevelt to raise a volunteer army to join with the French in fighting the Germans and gives most excellent reasons for it. He says that he is alone responsible for the conduct of the war and as much as he would like to pay the colonel the compliment of sending him to aid the allies, this is no time for sentiment, but for scientific definiteness and precision. The colonel, he says, has rendered conspicuous service to the country in many ways, but he is not learned in army matters, and a raw and untrained body of men would be less effective than the trained soldiers he will send to France. If Mr. Roosevelt really wants to fight he has the right of every citizen and can find many subordinate places that he can fill much better than at the head of a division of soldiers. It is far better to let the men that the government has tried to make competent to command its armies, direct any battles that they may be called on to fight.

It is stated that Attorney General Logan will resign to accept a tax commission tendered him by Gov. Stanley. As his present office pays \$4,000 a year and the tax commission only \$3,600, it looks on the surface that Mr. Logan is making considerable sacrifice, but a well authenticated rumor puts a new aspect on the matter—that by doing so he will get four more years of office. The governor can appoint him for two years now and for another four before his term of office expires. Assistant Attorney General C. H. Morris, who has been in the office since 1904, it is said, will be appointed to succeed Mr. Logan until the November election.

News comes from Lexington that the Phoenix Hotel Company will build another hotel on the site of the Northern Bank building to be ten stories high and to cost a half million dollars. The need of the additional hotel, capacity in the capital of the blue grass has for some time been pressing, as it has been difficult to entertain large conventions and other crowds. The Phoenix is said to be a regular gold mine, earning 15 to 20 per cent. on its common stock and paying the holders 12 per cent. The excess going to constant improvements.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

Editor W. O. McIntyre, of the Danville Advocate, was a caller Saturday. Besides his work on the Danville daily, Mr. McIntyre has several other publications to look after, is one of the managers of the New Gilcher, Danville's magnificent hotel, and buys, builds and sells more houses and lots than any other man of his town. He is also mayor of the city, publicity man for the Q. & C. and corresponds for nearly all of the dailies in Cincinnati and Louisville. A busy man indeed is our old friend, "Mac."

"Come on Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Gets-It' on Last Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gets-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

"That Was a Quick Funeral That Corn Had With 'Gets-It'."

see how 'Gets-It' gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns. 'Gets-It' makes the use of toe-irritating salves, bandaging, taping, plastering and other things not only foolish, but unnecessary. Use this wonderful discovery, 'Gets-It,' for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or scissors, and run chances of blood poisoning. Try 'Gets-It' tonight.

'Gets-It' is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Lincoln Pharmacy and The Penny Drug Store.

Mrs. Mary Penny has been the guest of her sister, Mrs. Sallie Scott, in the Goshen section.

The table was beautifully decorated in pink and white flowers and a delightful ice course was served. The guests were: Mr. Joe T. Embry and Miss Lettie W. McKinney, Mr. Sam Hill and Miss Rachel Hill, Mr. Maurice Tucker and Miss Mary Bailey, Mr. Prescott Brown and Miss Matsy Grimes, Mr. John Cash and Patty Perkins, Mr. Howard Newland and Miss Nellie Wilson Hill, Mr. Hartwell Shanks and Miss Belle Russell, Mr. Clem Hill and Miss Elizabeth Hunn, Mr. Henley Cash and Miss Jean Paxton and Miss Ophelia Lackey.

SENIOR PLAY

The cream of commencement is the Senior Play, which will be given on the evening of May 22nd, at the Stanford Opera House, by the Senior Class. It promises to be the enjoyable event of the commencement season. The characters have been well selected and play their parts admirably. The play, a 3-act farce comedy, is not of the sentimental kind, but is full of life, philosophy and wit. Ferdinand Matheny, as Martin Henry, is supposed to be the laziest man in the country and he does the part justice and his speeches contain some very witty, as well as true sayings. Miss Belle Russell, as Miss Abigail Persons, most strikingly plays the part of a very original old maid. The other characters are just as suited for their parts, but they do not have quite the same amount of originality about them.

IN NEIGHBORING COUNTIES
Suit was filed at Nicholasville against the Q. & C. for \$50,000 damages for the killing of Ray B. Riley, a National guard, who was guarding High Bridge.

The man Whittaker, charged with killing Woodall, in Pulaski county, got 17 years in the penitentiary. Willie Hunter was acquitted of the killing of a negro named George Washington.

Will Proctor's barn in Danville burned Monday, together with considerable of its contents. Loss about \$1,000. Flaig's barn, near by, caught several times but was saved by hard fighting.

Mrs. Bogue Phillips is dead at the age of a complication of troubles. Her husband died some years ago but several children are left. She was a sister of Mr. James W. Tate, of Brodhead.

After a short illness John W. Brown, 71 years old, of Garrard county, died at a Lexington hospital of uremic poison. He was one of the county's most prominent and wealthy citizens. For forty years he had been engaged in general merchandising at Buckner, and was for a number of years postmaster at that place. Besides his wife he is survived by three brothers, L. E. Brown, R. S. Brown and James Brown, the latter of Madison county.

DOINGS THE COUNTRY OVER

Irvine is to have a new depot at the cost of \$10,000.

Logan Caldwell's large stock barn in Boyle county, was destroyed by fire.

Mayor John G. Harris, of Bloomington, Ind., has been indicted for malfeasance of office.

Representative Daniel W. Comstock, of Indiana, is dead of pneumonia in Washington.

It is reported that the Standard Oil Co. has bought the holdings of the Wood Oil Co. and of Root, Hupp & Dupp in Estill county for \$11,000,000.

Five robbers held up and robbed a paymaster of \$6,000 on Racine avenue, Chicago, after shooting the detective guarding the man with the money.

On his way from church to his home LaFayette Kitchen, a farmer, was shot to death near Grayson, late Saturday night. Eight men are under arrest, charged with the crime.

Sam Corum, a wealthy farmer, of Slaughters, lost his life, and Floyd Gentry, his brother-in-law, was severely injured when their automobile was overturned near Madisonville early Sunday.

Strong opposition on the part of Kentucky Democrats has developed against the appointment of Percy Haly, of Frankfort, as Collector of the Seventh Internal Revenue district to succeed Men Marshall. Haly is the choice of Senator J. C. W. Beckham. Mrs. Bevela Lockwood, the first woman admitted to practice before the Supreme Court, a pioneer in the woman suffrage movement and the only woman who ever was a candidate for President of the United States, died last week after a long illness, at the age of 86 years.

Lawrence Dempsey, negro, was lynched at Fulton, early Sunday morning. The negro was taken from the city jail, where he was held on a charge of severely cutting Clarence Dublin, an Illinois Central watchman, who is in a serious condition in a hospital. Dempsey was hanged in the rear of the jail.

Senator Beckham will name the Seventh district collector to succeed Ben Marshall, whose term has expired. Secretary McAdoo announced last week, Beckham has made a determined fight against Marshall's reappointment, while the Frankfort man had the support of Senator James and Representative Cantrill.

Four men were killed and eleven injured, several of them probably fatally, when a turbine engine exploded at the Bessemer plant of the Republic Iron & Steel Company. Officers, who have started an investigation, say they are unable to assign a reason for the accident. A majority of the men killed were American steel workers.

Col Roosevelt has announced that all men who had volunteered to serve with him under the American flag in France had been absolved from all further connection with the movement, and that the only course open to them now is to enter the military service in some other way if they are able to do so, and if not to serve the country in civil life.

Lexington suffered the most destructive conflagration in its history Monday morning, when fire originating about 2 o'clock in the livery stable of Porter & Jackson corner Limestone and Church swept southward and westward, destroying, or damaging most of the buildings in the business block bounded by Limestone, Short, Upper and Church streets. Sparing the McClelland office building, the Farrell building just to the east and a few structures fringing the east side of North, Upper street, the fire leaped across Church street and devoured several buildings on the north side of that thoroughfare and, as if to give a spectacular finish to its destructive work, scattered sparks which caught the lofty tower of the Second Presbyterian church on Market street, over a block away, leaving that splendid edifice a blackened ruin. The loss on buildings, stocks and fixtures is variously estimated at from \$300,000 to \$500,000.

WITH THE CHURCHES

Presbyterian Church—No service on Wednesday evening this week. The Woman's Society will meet with Mrs. W. B. McKinney on Friday at 2:30.

The Woman's Missionary Society of the Baptist church will meet with Mrs. A. B. Floren, at 2:30 Thursday afternoon. Mrs. J. S. Rice is leader.

Rev. William N. Nevins, for three years pastor of the First Baptist church at Newport, has a unanimous call to the East (First) Baptist church at Louisville.

HENRY P. RHINOCK PRAISES TANLAC

Brother of Ex-Congressman Is
Back In Good Shape.

WAS ONCE ALL RUN DOWN

Henry P. Rhinock is known to thousands in Covington and throughout the state. He is a brother of Joseph Rhinock, former congressman from the Sixth district of Kentucky and at one time mayor of Covington. Henry Rhinock, who lives in Covington, Ky., is one of many prominent men that have come out publicly and endorsed Tanlac.

"I was troubled with my stomach," he said, "and gas formed after eating. I couldn't seem to get a good night's rest. When I did go to bed I would lie awake for a long time.

"During the day I had fainting spells, when spots formed before my eyes. This in itself was bad enough, but the heavy, dull feeling I had most of the time was worse. Little, unimportant things irritated me and I thought I would have to drop my business for awhile, but about that time some one recommended Tanlac to me.

"As soon as I started taking Tanlac I noticed my appetite got better. Food that I didn't dare touch before now tastes good to me and I digest it without any trouble at all.

"I go to bed and sleep soundly now, straight through till morning. That tired, draggy feeling is gone too."

If you don't feel right get Tanlac today. Sour stomach, which causes bloating and belching, dizzy spells, headaches, sleeplessness, bad breath, bad taste in the mouth and that general tired, run down feeling are all signs that nature needs help to put your system back in shape.

CRAB ORCHARD

Mr. James R. Edmiston, of Louisville, was here to see his relatives Saturday and Sunday. Everyone was glad to see Jim Bob.

With only one hand, Mr. McWhorter, of our city, cultivates a large garden, always has more vegetables than anyone. He has in a large potato crop. He keeps his place free of weeds, which he fights vigorously and yet has time and bravery to hurl a stroke at sinfulness wherever he finds it. All honor to Mr. McWhorter.

Mrs. Kate Middleton, of Danville, was here Sunday to see her sister, Mrs. Emma Farris.

Montez Fish came over from Richmond to attend the dance at the Springs Saturday night.

Mrs. Skiles, of Louisville, came to visit her son, Mr. Howard Skiles and see her grandchild, Miss Dorothy Alene Skiles.

Rev. Pervis wants every member of the Christian church who is interested in the welfare of the church to meet him at the evening service Sunday. He has something good for you. Come and hear him.

Mrs. Charlie Holman, of Paris, brought his wife and children to visit his mother and sister this week. They returned to Paris Monday evening, leaving Miss Helen to stay a while with her grandmother.

The graded school building was packed to its full capacity Monday evening to witness the closing exercises of the expression class which has been so successfully taught by Miss Esther Burch, of Stanford. I tried hard to get a seat in the great audience but failed, so am unable to give each performer the credit due. All who attended were pleased and the patrons feel Miss Burch is a fine teacher and many more pupils we hope will take advantage of this opportunity to become good speakers.

Messrs. Pervis and Hurt have each purchased autos and our town boasts many.

Gardens are looking sick after the heavy frosts. Potato crops in many places will have to be replanted. Gardens were never so backward in many years.

Mrs. M. E. Fish has been quite sick for several days with rheumatism.

A little girl at the home of Mr. and Mrs. Rutledge swells the number of girl babies to seven. All are fine specimens and growing fast.

Mr. J. Thomas Cherry was called to Conway to be at the death bed of his only sister, Mrs. Smith, who passed away, leaving an infant of only a few days. Mr. Cherry is the last member of a family of eleven children.

Thirty-five dollars were realized from the supper given by the members of the Christian church at the graded school building Monday evening and they desire to express their gratitude to all who helped and all who patronized them.

Mr. Clinton Gooch, of Irvine, is here to visit his parents, Mr. and Mrs. Gooch and employ help to run his boarding house at that place.

Col. J. W. Guest is still at the Springs and seems to be very well for one of his age. He wished to remain there and his children want him where he is best satisfied.

We are sorry to have to state that Mrs. Ada King is again quite sick. She has so much improved as to be able to be about the yard and house and her friends were much encouraged over it.

Commonwealth's Attorneys from more than thirty counties attended a conference at Frankfort, called by Attorney General Logan, and put into motion a campaign to rid the State of illegal combinations to fix the price of coal and food products and to institute prosecutions where found under the anti-trust laws of the State.

MIDDLEBURG

Merchants hereabout are having trouble supplying farmers with navy beans for planting. We hear of several farmers, on the ridges are cutting out tobacco and are planting beans in its stead. This is commendable and much more patriotic.

The meeting at the Methodist church which had been in progress for a week closed Sunday night. There were no additions but Rev. F. T. Kelly preached fine sermons that were helpful to the membership.

William Myers ad D. C. Allen were here Thursday looking for fat hogs. They bought 46 head from Judge Lincoln Wells.

Candidates for county honors are either planting corn or doing something more useful than running over the country bothering those who are trying to do something. They are making themselves real scarce around here.

Miss Essie Haney did not surprise many of her very best friends by slipping off to Stanford and getting married. Most of them had gotten an inkling of what was going to happen and were prepared for the news when it came. Mr. Roberts is to be congratulated on winning so lovely a woman as Miss Haney. She was one of our best young ladies and has a host of friends who wish her unbounded happiness.

KAVANAUGH CAMP!!!

Do you want to know what Kavanagh Camp is? Let me tell you most interesting fact. This summer, for one whole week, July 30-August 6, there is to be a Young People's Conference at Kavanagh Camp, Crestwood, Ky. Did you ever go camping? Then without doubt this camp will appeal to you, for it gives one an opportunity for rest, recreation, education and inspiration. Last summer fifty Kentucky girls attended this Camp, besides a number of boys and grown people. Did a girl in your community go? If so ask her to tell you about one of the happiest times she ever had. If not, watch for articles that will tell more about this week of camp at Kavanagh.

Announcement was made by the British Admiralty that the British transport Cameronia had been torpedoed in the Eastern Mediterranean April 15, with the loss of 140 lives.

CONSTIPATION

And Sour Stomach Caused This
Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-135

Sell the Champion Cream Saver

THE

NEW DE LAVAL

THERE is no machine made in which proper lubrication is more vitally important than it is in a cream separator. A separator that is not properly oiled will turn hard and soon wear out.

The old-fashioned method of oiling through a number of little holes with a squirt-can was unsatisfactory for the reason that some users would oil too much and too often, while others would not oil often enough.

The NEW De Laval is automatically oiled

You don't have to fuss around a NEW De Laval with a squirt-can. Simply keep the sight-feed lubricator on top filled with oil and the automatic oiling system will see that every gear and bearing in the machine has just the right amount of fresh, clean oil at all times.

The De Laval oiling system has been greatly improved by the addition in the NEW De Laval of an automatically oiled neck bearing and the consequent elimination of the tube that formerly carried oil to this most important part.

There never has been a cream separator that embodied so many improvements as the NEW De Laval.

Come in and let us show you the new machine.

PERCHERON STALLION

BOSSEAU

Believing that now is the time to raise good horses and mules, I will stand my registered Percheron stallion, Bosseau, weight 2,060 pounds, at \$10 to insure a living colt and my

great mule jack, Joe at \$8 on same terms. Will make liberal cut to those having more than one mare. Care taken to prevent accidents, but not responsible should any occur. R. L. Berry, Hustonville, Ky. My farm is one mile east of Hustonville, on the Stanford pike.

PARLOR GROVE

The following officers and teachers were installed in the Sunday School last Sunday: Superintendent, Mr. Calvin Greer; Assistant superintendent, A. B. Wylie; Secretary, Miss May Hundley; Treasurer, Miss Gertrude Hundley; Librarian, Miss Ethel Saunders; Organist, Mrs. J. C. Hundly; Teacher of Class No. 1, Mrs. Lewis McCreary; Class No. 2, Mrs. Minnie Morgan; Class No. 3, Mr. A. B. Wylie; Class No. 4, Mr. Valentine Fagaly.

Mr. Ed Webb has returned to Richmond, W. Va., after a short visit with his parents.

Miss Vesta Sims is staying with her aunt, Mrs. Ann Eliza Eubanks of Pleasant View.

John Waddle and family, who have lived in Louisville and Dayton, O., for the past eighteen months, have come back to old Lincoln and purchased the D. G. Jeffries farm of forty acres, recently occupied by Mr. Ransom Padgett.

The Daniel Boone Oil Co., have moved their drill from the farm of Ed Surber to the adjoining farm of Mr. Cyrus Saunders, after having put down one test well on the Surber farm.

Mrs. Ebright has returned to her home in Science Hill after a pleasant visit with her daughter, Mrs. J. C. Hundly.

Mr. Arthur Cornette has sold his farm two miles from Waynesburg, on the Stanford pike to a Mr. Holzclaw, of West Virginia and purchased the farm now occupied by Mr. John Curdis, one and a half miles below Waynesburg.

A large number of the people of this neighborhood attended the ticket drawing at the store of F. S. Gooch & Co., of Waynesburg. A nice kitchen cabinet was given away. Mr. Ashford Johnson's oldest son held the lucky ticket.

Mr. Ransom Padgett has moved to the Hayden Reynolds farm, below Waynesburg.

Mr. Valentine Fagaly spent Sunday with Mr. Crawford Bell and family.

Mr. John Waddle purchased a cow of Mr. Calhoun, of Green Briar.

Mr. and Mrs. Lytt Webb, Miss Selma Eubanks, Mr. and Mrs. Jesse McCreary and Mr. Powell McCreary have all returned from Dayton, O., where they have been employed in the ammunition factories and taken up the more peaceful pursuit of farming.

The farmers are hindered in putting in their crops by the unusually cold spring, some not having any corn planted. A large number are putting in spring buckwheat. Oats are not looking well on account of late sowing and the severe winter injured the wheat crop.

The defense opened its case yesterday in the trial of Capt. Franz Rintelen and five others charged with conspiring to disrupt the munitions trade. The indictment against F. S. Monnett has been dismissed.

McCreary county has 17 candidates for jailer and others are talking of entering the race.

**NEVER MISS THE WATER
TILL THE WELL RUNS DRY**
(Editorial from The Lincolnian)
We never realize how much we love things until fate compels us to release our hold upon them. But the gods never decreed that we should be High School students for eternity. After is all over with we are almost moved to tears to think that we have been severed from the relations that bound us so close together through twelve years of school life and the associations which only a school student can experience. Though our lot has seemed hard at time and often times caused rebellion on our parts, yet in after life we shall look back upon school life with the tenderest remembrances. Such thoughts as dropping out of school have often occurred to us yet a kind word of encouragement or a bit of praise sufficed and we began anew with strengthened efforts and firmer resolve to see the thing through until the last, and now when we have crowned ourselves with glory so far as High School is concerned and have obtained all that is possible from the High School we wish to thank the teachers who have patiently borne with us during the four years in school and have in various ways tried to show us that we should make the best of our opportunities and we are proud to say that the majority have heeded this excellent advice and are striving daily to make something of ourselves. If fame and riches do not come our way there is one thing that, everyone of us can be—and that is, honest men and women. It is indeed sad when the thought occurs to us that after commencement we may never again all be assembled together. While it is true that we will keep in touch with some of our class mates, yet there are others who will drop out of our lives altogether. Some will follow honorable occupations, others will continue with their education and the "saddest" part is that others will be married. If we never all meet again, here's hoping that success and happiness may be the lot of each member of the Class of 1917.

The school paper is a new undertaking and at times the editor's lot seemed a hard one, but a few words of encouragement did the work for him, and as this is the last issue, the editor wishes to thank the members of the staff for their untiring efforts toward making the paper an uplifting and useful sheet. Thanks are due our advertisers, who bore a great part of the financial burden and we hope that they have derived some benefit from the space they paid so generously for.

TO AMERICANS
Your City is my City.
And with spirit true and fine.
Is your Mayor and my Mayor
Defending your home and mine?

Your State is my State.
And calling for men to serve.
Is your Governor and my Governor
Calling for men of nerve?

Your Country is my Country.
And not too proud to fight
Is your President and my President
When striking for the Right?

Your Boy and my Boy
Are ready to serve the Nation
With your Girl and my Girl,
And the Flag of our Creation,

Your Church and my Church
Have made us see the Light,
May your God and my God
Uphold us in His Might.

An appeal has been made by Mayor Buschmeyer of Louisville for volunteers to register those men in Louisville, who are eligible for draft in the United States army.

MENROE

This good stallion will make the season of 1917 at the home of Eli Estes, two miles southwest of Eubank on the Fishing Creek and Eubank road at \$10 to insure a colt ten days old. This horse is so well known that it is useless to describe him. Eli Estes and Daniel Newsum.

Four Good Jacks

Three of them black and one grey; all of them good ones. They range in ages from coming two to seven years. You should see them before you breed. Will stand them all at \$6 to insure a colt four months old. Care taken to prevent accidents, but not responsible should any occur. Parties with mare or breeding her to other animals forfeit insurance and makes season money due. **ELI ESTES, Eubank, Ky. 30-8t**

The tablet form of this old reliable remedy makes it possible for you to check any illness at the very onset. It is a safeguard against coughs, colds and other catarrhal conditions, no matter what symptoms are manifest. Catarrh is an inflammation of the mucous membrane that lines the breathing apparatus and the digestive apparatus. PERUNA relieves catarrh. In tablet form it is **EVER-READY-TO-TAKE** as prompt action makes it invaluable for men and women exposed to sudden changes in the weather or compelled to be out in slush and rain.

It will also be found most satisfactory as a tonic following an attack of illness.

CARRY A BOX

wherever you go. Travelers and others compelled to take long drives in the cold and anyone whose occupation subjects him to the danger of sudden colds may use it as a preventive with the assurance that the tablets made are from the same formula as the old medicine with 14 years of success before the American Public.

The Peruna Company, Columbus, Ohio

MIGHT MUZZLE 'EM
A B. Rue has put a puzzling question up to the Harrodsburg City Commissioners. He says he don't want to be a slacker in the present war, and as he is too old to fight, he would like to do his bit of preparedness by raising a garden. But he can't do it unless he is allowed to kill some of the squirrels in the City Park, which his property adjoins. A city ordinance protects these squirrels and they have greatly increased in numbers and become very tame. Other residents in the same neighborhood join Mr. Rue, and now it is up to the city officials to rescind the ordinance or compel the citizens to be unwilling slackers.

VOLTAIRE 55140

Farmers don't you think right now is the best time to raise draft horses? The price was never higher than now, and our supply of work horses is at the lowest point it has been for years.

There are not more than half as many brood mares in the county now as there were five years ago. You can see that we are facing a horse famine. What are you going to do about it? Autos and auto-trucks are all right but you can't farm with them. You can't raise colts from your mules. It looks like the most sensible and business-like thing to do is to raise some good draft colts before your old brood mares are gone.

I offer for public service the champion draft stallion, Voltaire. He has proven himself to be one of the best breeders this county has ever known. He will make the season at my place on the Danville pike, one mile from Stanford at \$15 to insure a living colt; season due when colt is foaled or mare parted with. Will not be responsible for accidents.

KENTUCKY GENTLEMAN 5167
By Chester Peavine 3184 by Rex Peavine 1796 by Rex McDonald. First dam Flora Carter 8419 by Red Squirrel 53 by Black Squirrel.

I don't suppose there is a better bred horse in Kentucky than Kentucky Gentleman. He has been one of the most successful horses in the show ring that this county has produced in years. He is just the right size for a saddle horse and his first colts which are four years old now are showing the saddle gait nicely.

The auto has put the light driving tent, but you don't have any trouble in selling a saddle horse.

I am going to offer the services of this great horse at the extremely low price of \$15 to insure. I am giving you for \$15 what most men would charge from \$25 to \$40 for.

Do you appreciate it? If so send your best mares to the court of Kentucky Gentleman and let him get you a nice colt.

J. NEVIN CARTER, Stanford, Ky.

KING ALFONSO

Big, fine 16-hand jack of good bone and action. Splendid mule jack. Will make the season of 1917 at my farm at

\$10 to Insure a Living Colt
Will also at the same place and time stand my great Jersey Bull

SHELBY SULTAN 117497

At \$5 to insure a living calf. This is one of the best Jersey bulls in the country and I am standing him at a very low figure. See this stock before you breed. Care taken to prevent accidents but not responsible should any occur. Parting with mare or cow forfeits insurance and makes season money due. **F. REID, Stanford, Ky., R. D. No. 5. 32tf**

LINCOLN CHIEF 6393

Sired by Kentucky's Choice, he by My Own Kentucky, by Chester Dare 10, by Black Squirrel 58. Lincoln Chief's dam Trixie Quik 8855, was by Eagle Bird 1014, he by King Eagle.

Lincoln Chief is a coming four-year-old and expert horseman say he is sure to be the coming champion. He will make the season at my barn on the Hustonville and Danville pike at

\$10 to Insure a Living Foal.

Those who have mares should see this fellow before they breed. He has been a heavy winner since he was a colt and is better today than he ever was. Not responsible for accidents. Breeding to other stock or trading off mare forfeits insurance.

STEWART SANDIDGE, Moreland, Ky. 30-tf.

SEEKS HORSES AND MULES
The government is in the market for 250,000 horses and mules for army use, which probably will cost \$100,000,000. They will be used in addition to forty-thousand motor trucks and automobiles. Board of officers have been ordered to start on the animal purchase not later than June 1, at Front Royal, Va., Kansas City, Mo., Fort Reno, Okla., and Fort Keogh, Mont.

John Hamlin, aged 81, died suddenly at his home at Mareburg.

ALMONT DARE

Almont Dare, 3228, is a rich red bay stallion; 16 hands high with good bone and fine style. Is extremely fast both under saddle and in harness. He is a full brother to Toxy Dare that won the championship for saddle bred brood mares at the Kentucky State fair in 1914, defeating Edna May and others and to Nettleton that sold for \$3,600 and others at \$1,500. He is the best one of the lot. His colts have frequently defeated the colts of sires standing as high as \$75. Have sold his colts myself for \$500. Others claim offers of \$1,000. They also are the very best to use at home, being large, fine, game, durable and kind.

Will make the season at \$10 to insure live colt.

Bryan Breckinridge, my registered black jack, 16 hands with extremely large bone will stand for mares at \$10 for mare mules and \$8 for horse mule. Will also breed jennets any month in year at \$10 to insure colt. Have sold his colts for \$120 at

weaning time. Grass furnished at \$2 per month and all stock entrusted to me will receive my personal attention but will not be responsible for accidents. Season on the above are due when colt is foaled or mare bred to other stock or stock parted with. All the above will make the season at my place, two and a half miles west of Hustonville, on Hustonville and Liberty pike. Pedigrees furnished upon request.

S. T. POWELL, Hustonville, Ky.

DON VARRICK

Will make the season of 1917 at my stable 1-4 mile from Crab Orchard, on the Singleton place, at \$10 to insure a living colt. Don Varrick is a beautiful chestnut, 16 1-2 hands; weighs 1,400 pounds, is compactly built and has plenty bone and finish. His colts show for themselves.

Will also stand at the same time and place my saddle stallion

BLACK PRINCE

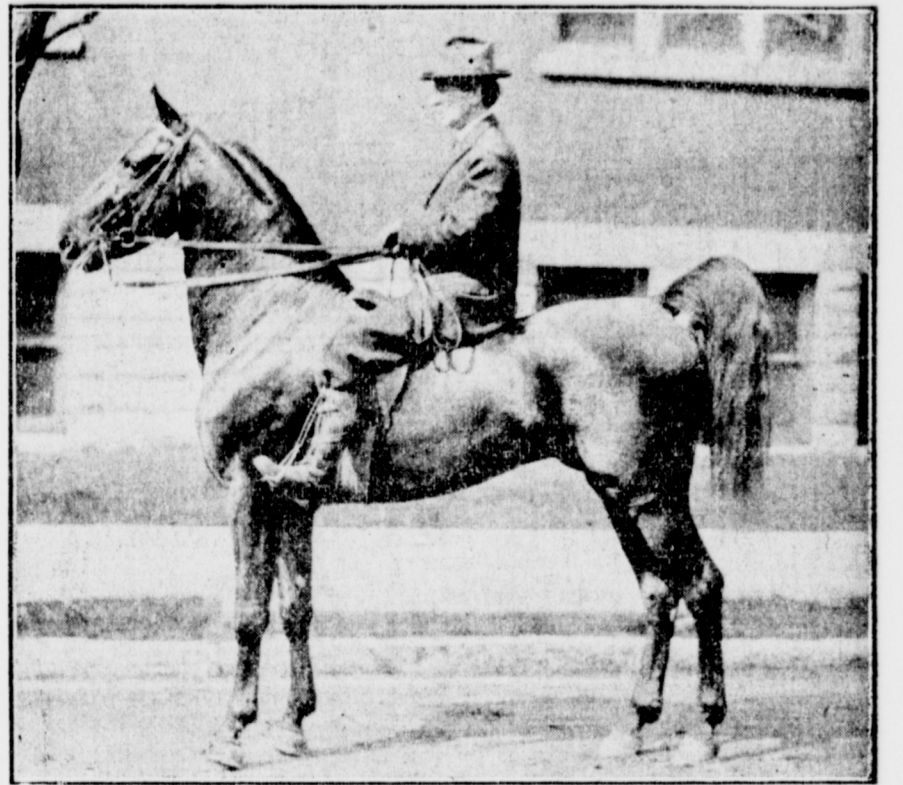

By Kentucky Peavine, out of a mare by Old Preston. He is a coming four-year-old, as black as a crow and a good one. You should see him. He will stand at \$10 to insure.

TWO GREAT MULE JACKS

Will also stand two great mule jacks at \$10 to insure. One the well-known Huff Daddier jack and the other, Jesse Fox, a fine fellow, 5 years old and a good breeder. His colts show up nicely. See them both before you breed your mares.

Will stand a fine registered Short-horn Bull at \$2 to insure. Money due in all cases when animal is bred elsewhere or parted with.

W. R. GAINES, Crab Orchard, Ky.

Rowland Peavine

No. 6053

Rowland Peavine—chestnut stallion, foaled May 14, 1912. Sired by Rex Peavine, No. 1796, by Rex McDonald, No. 833, by Rex Denmark 840.

1st dam: Bourboniste, No. 9297 (full sister to Bourbon's Best) by Bourbon Chief 976, by Harrison Chief 1606, by Clark Chief 89.

2nd dam: Judy Oliver 6407, by Red Cloud 2197, by Indian Chief 1718.

3rd dam: by Wilson's King 2197.

4th dam: Daughter of Sim's Clark Chief 2575.

Rowland Peavine is a rich chestnut, with star and snip; stands 15.3 full; weighs 1100 pounds; five years old. As you will see from the above breeding, he has the blood of the best show horses Kentucky has ever produced, and is one himself. You should see this horse before booking your mare.

You rarely ever have the opportunity to breed to a horse as fashionably bred at the small fee of

\$20.00 TO INSURE A LIVING COLT

Will make the season of 1917 at my stable on East Main street. Money due at birth of colt or when mare is parted with or bred to other stock.

Bleucher 46158, record 2:29 1-4, trial mile 2:14 3-4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clay, by the great Futurity sire Moko. Foreign demand has taken over one million horses from this country, and we may expect better prices for our horses in the future. Our advice to mare owners is to breed their mares and to breed them to stallions of merit and proven worth as sires. Bleucher is just the type to produce the colts that will supply the demand. His colts have proven fine, with nice head and neck and plenty of bone and conformation.

This great trotting Stallion will make the season of 1917 at my stable in Lancaster, Kentucky, at

\$20 to Insure a Living Colt

BARLOWE

I will also stand this beautiful Shetland Stallion for the season of 1917 at my stable in Lancaster, Ky., at \$10.00 TO INSURE A LIVING COLT. I am prepared to take care of mares on grass at 10 cents a day. Lien retained on colts for service fee. Money due when mare is traded or parted with.
